

# Sanfor India (Finshers)

(Apparel Finishing Experts)

## About Us

Sanfor India Finishers was established in the year of August 2004, since then many developments and expansion has been consistently done to cater to the various needs of customer for production, quality and service.

To add new feather to its cap we have established a most modern apparel washing UNIT I and Recently added UNIT II– a complete value addition to your fabrics and finished garments, with state of the art machines directly sourced from the capital of India New Delhi and from Silicon Valley of India.

## Our Service Infrastructure

- Fully computerized receipt and delivery, no mistakes or mishandling possible.
- Even the recipes are keyed in the system, for later reproducibility. Your fabric is safe in our hands – 24 hrs monitored by CCTV & also through Net.
- 24 hours 365 days receipt and delivery – process time the lowest
- Easy accessibility nearer to Shanthi Theater on PN Road.
- SARTAJ (4tons capacity),TATA Ace (1.3 tons capacity) & Mahindra Maximmo (1.8 tons capacity) delivery vehicles.
- 5000 Sq. ft storage area and 2000 Sq.ft working area.

## Our human resources

- One of the strongest and dedicated team of people.
- Qualified professional being employed in this field, to have systemized working.
- Average age group of 21 to 28 years, and they deliver most efficient works of all time.
- With this entire infrastructure we are too confident of delivering highest quality work, in the shortest time phase, which is the need of our textile industry at this hour. Buy doing this a greater amount savings will be on the logistics and order lead time; this also leads to additional production and additional order capability.
